

# L O S T

*By*

*Dr. Hashim S H Behbehani*

**L O S T** is a four-letter word which is part of the human existence.

The **HUMAN MIND**.

It is ascertained that whenever the human mind is frugal, then the mind will be totally **L O S T**.

Yet, frugalities concerning human minds are rare commodity. Therefore, that trait was the best value that a human mind can preserve.

Moreover, the rarity of the spate of human frugality of the mind, sometimes render a human being in total **L O S S**.

Under these circumstances, the human affairs of being **L O S T**, grants human being the opportunity of absent mindedness.

Thus, the meaning of **L O S T** can have two dimensions. A positive dimension and a negative dimension

On other words, that four-letter word is subject to the interpretations of the human mind.

Finally, that four-letter word is, above all, a must in human existence. It could, therefore, be interpreted that **L O S T** is a word which is rich in content and, consequently, it does not crate cumbersome trouble for the human being.
